

BRING SKETCHWORKS COMEDY TO YOUR SCHOOL!

Comedy Acting and Writing for all ages!

- ABOUT SKETCHWORKS -

Sketchworks Comedy is Atlanta's premier live sketch comedy theatre company featuring some of Atlanta's top working pros. Through sold out live shows and hilarious online videos, we have been making audiences laugh with the finest sketch comedy since 2001.

We've won numerous awards, including most recently BroadwayWorld Atlanta's "Best New Work (Non Professional)" for our 2018 production of *Vape the Musical*, a parody of *Grease*. We offer comedy entertainment and training for Kids, Teens, and Adults - including live shows, online content, classes and workshops, kids and teens summer camps, and corporate and private events.

- WHAT WE OFFER -

Our Education Program extends to teaching children ages 7 to Adult, and includes training in Sketch Comedy Acting, Writing, Filming, and Editing. Our classes combine all aspects of creating an original comedy show, including writing, acting, and behind-the-scenes stage and/or film production, as well as use elements of improv to create characters and write original scripts. The students themselves are responsible for creating their content and producing their show with their Coaches as guides. We promote all original, all funny content.

We offer both virtual and in-person classes. Virtual classes work in our favor when addressing on-camera acting technique, writing for film, and basic film production and editing.

In-person classes follow our regular class curriculum. In addition to the skills covered in our virtual classes, our in-person classes allow us to focus on stage presence, acting technique for stage, and writing for theatre. Furthermore, these classes allow students to experience the magic and the support of working as a theatre ensemble.

- WHO WE ARE -

Our Sketchworks Coaches are working professionals, with experience working at improv and comedy theaters, writing, performing, and directing for both film and stage. Our Performers, Writers, Coaches, and Directors are products of the training we provide and work professionally in the TV/Film/Theatre industry.

- THE BENEFITS OF COMEDY -

So, why comedy? Exploring the world of comedy provides several benefits. For example, improv games promote creativity, active listening, critical thinking, and risk-taking. Working as an ensemble creates a safe, nurturing environment where students feel eager to explore and share original thoughts. The skills gained from working together directly translates to social situations; these skills further include teamwork, effective communication, and collaboration. As you can see, we could keep going, but maybe we should just show you what we're talking about.
